Dear Mr. McLenaghan,

Please excuse the delay in thanking you for your appreciated letter of 2/14. It was not forwarded promptly and I've been a bit under the weather.

It is a fair comment on what has happened to us that those responsible for this miscarriage have been rewarded and if they have consciences, they are dormant.

If you are interested we can provide all the books I published.

I think the remain the basic books on the subject.

With publication so improbable I have continued this work but in the form of manuscripts that can be a record for our history.

Many t anks, sincerely,

Harold Weisberg
